

Working Session Guide | Post-2020 Family Planning

Key Questions

The below questions can be used to help guide conversations but are not exhaustive. Questions should be adapted as discussions and ideas develop within the focus groups.

Vision

- What is your ideal future state for family planning in 2030? What is your ideal headline about family planning in 2030 (in a newspaper or magazine)?
- Given your knowledge of FP2020, what lessons should we take into consideration as we move forward?

Emerging Trends

- What new or emerging trends do you think will impact family planning between now and 2030?
- Which trends have the greatest potential for positive impact?
- What about negative impact?

Achieving the Vision

- How far are we from the vision today?
- What is needed to achieve your vision for the future?
- How can we ensure that the vision for post-2020 resonates with what women and girls really need?
- Could you describe how the family planning community engages with other communities? (PHC/UHC, Education, etc.)
- What stakeholders are essential to engage to support family planning post-2020? What is the best way to engage these stakeholders?

Closing

- Are there specific and / or new strategies or partnerships you think need to be considered to build upon the momentum in the field and enable impact post-2020?
- Is there anything else that that we should be aware of or that you would want us to consider?
