

PATHFINDER INTERNATIONAL COMMITMENT SELF-REPORTING QUESTIONNAIRE 2018

EWEC Secretariat, PMNCH, FP2020 self-reporting questionnaire to assess progress on implementation of commitments to the Global Strategy on Women's, Children's and Adolescents' Health.

COMMITMENT SUMMARY

EWEC Secretariat, PMNCH, FP2020 self-reporting questionnaire to assess progress on implementation of commitments to the Global Strategy on Women's, Children's and Adolescents' Health.

COMMITMENT PROGRESS SUMMARY NARRATIVE

Pathfinder International has continued to deliver technical assistance to governments to promote service delivery for SRHR services in 18 countries around the world. We celebrated our 60th year since inception in 2017, and have continued to forge new paths towards universal access to SRHR. Pathfinder's programs in FY17 were estimated to have prevented over 495,000 unsafe abortion, and prevented over 4,200 maternal deaths. We recorded 4.3 million visits to facilities for contraceptive services, and calculated that 1.9 million unintended pregnancies were averted. More than 605,600 deliveries were supported by facility staff. 11.6 million visits were made by young people to receive youth-friendly services at health facilities supported by Pathfinder's programs.

FINANCIAL COMMITMENT PROGRESS

Disbursements. Since you made your commitment, how much of your commitment-related budget has been disbursed/spent-to-date (in USD)?

186,500,000

Start Date: 2015-09-01

End Date: 2017-12-31

Grant Awards: \$157,000,000

Philanthropic Donations (including private donations): \$34,400,000

Original Estimated Non-Financial Commitment Value: We estimate \$38.3 M to reach the target commitment

THEMATIC COMMITMENT PROGRESS

Ensure universal access to Sexual and Reproductive Health and Rights (SRHR)

Percentage of women of reproductive age (15-49) who have their need for family planning satisfied with modern methods

Geographic Coverage. Check all the geographical levels that you implement your commitment-related activities in?

Country

Sub-country

Linkage to National Health Strategies. Are commitment-related objectives and/or targets aligned with the national health strategy of the country or countries in which activities take place in?

Yes

Please provide details on how your organization selected its commitment-related objectives and/or targets. Responses should describe the overall process and any consultations held with government, non-government, and/or civil society entities during this process, if any.

Pathfinder's role in our program countries is to remain a close technical assistance partner to the government. We have strong relationships with Ministries of Health, donors, other implementing partners, CSOs and other technical experts in all countries where we operate. We support the creation and implementation of evidence-based service delivery guidelines that are in line with the government's global commitments and national plans. We advocate with civil society partners to remove harmful traditional practices locally that stand in the way of universal access to SRHR, and we work with government health systems to expand their reach.

EVERY WOMAN EVERY CHILD FOCUS AREAS

Adolescent and Young Adult Health and Well-being

Applicable

Adolescent and Young Adult Health and Well-being data

Current Status: Ongoing

Activities Implemented: Reaching adolescents and youth with information and education on SRHR as well as services.

Results Achieved: Pathfinder launched one of West Africa's first contraception programs for married girls. With a single seed investment of private donor funds back in 2012 to start work in three countries of Guinea, Niger and Burkina Faso, over 12 million women and married adolescents were reached across 38 health districts by end of 2017.

Country Leadership: Yes

Community Engagement: Yes

Service Delivery Included: Yes

Geographical Coverage: Rural

Adolescent girls and young women (aged 15-24): Yes

Adolescent boys and young men (aged 15-24): Yes
Women (aged 25-49): Yes

Sexual and Reproductive Health and Rights

Applicable

Sexual and Reproductive Health and Rights data

Current status: Ongoing
